Against the innocently bad but much enjoyed cigarettes. It's avenge for the divine oriental flower which forms the nucleus of perfume for toilet, face and fumigating powders.
These statements, we think, are a little far-fetched, for recently a modern
theologian said: "To suppress these
blessed flowers robs us of sunshine and develops a moral mildew." Mo-hammed said, "Perfumery and prayer are our two earthly blessings." Cabriel Mirabeau said. "Crown me with flowers and perfume." The First Napoleon often commended them during his campaign. The Isles Hyeres are strewed with acres of air de mie flowers. pleasant is wrong, we could not narrow our faith in human life to such a clouded theory. After indulging our objection to the lingering oder of cigarettes in the hair, body and clothes, the perfumes used in the form of cerates, creams and paints, body lotions under various names we know that there is a positive specific for these slight objections—a het bath night and morning with a box of Tyree's Antiseptic Powder in it. This bath will take away all smarting and leave nothing but sweet nature ready for another morning or evening's engagement. If not convenient for a bath use a cloth in a solution of Tyree's Antiseptic Powder and there will be no nervous headache, eracks or stiffness; in fast, there will be nothing of bad odor cigarettes and perfume to get rid of. Tyree's Antiseptic Powder has done that for you. Remember the reason why Tyree's Antiseptic Powder does this is that it is guraly a naturally decided body hygiene, its mission is simply to take away from you what you do not want quickly and prepare you presently for another make up.
